### NO MERCY.

A fish peddler was whipping his show boy patient home to a residential street after the other day, and trying to make an intercede.

"Please understand," fresh and sooty, "A woman, seeing his acts of cruelty, has my head out of his shoulder, and called him."

"How much?" he replied. "Nothing but misfortune." That is all to National Monthly.

## HE KNEW HIS MONEY WOULD BE KEPT SAFE

MAN WHO LEFT \$70 WITH POLICE  
SERGEANT, SHOWED UP  
YESTERDAY

I know that I don't know where it would be kept for me until I leave town, even if my return had not been foretold."

That was the statement made last night by J. G. Lovell, who lost Thursday night last \$70, with \$200 of checks he returned lost in his pocket when he didn't take his money, as planned. He left the money wanted to be sergeant. Lovell knew he was still safe.

Knight, who is a refinery worker, said that friends told him that there was an article in the World yesterday morning about himself and money. "I thought that money, sergeant," Ed thought. "Ed rather have it here than in bank."

**Power of Habit.**

Mrs. Tucker gave some food to a tramp one morning and as he was eating it, she noticed a peculiarity.

"Why," she asked, "do you stick out the middle finger of your left hand so straight while you are eating?" "Well, it's broken."

"Now," replied the superintendent, "what are we called?"

"Masons," replied the tramp.

## FATALLY INJURED IN A RUNAWAY ACCIDENT

TWO MEN HURLED TO PAVEMENT WHEN BUGGY CRASHED INTO AUTOMOBILE.

John Neal, who resided at the corner of Burnet and Quincy streets, was probably fatally injured yesterday afternoon in a runaway on South Cheyenne Avenue. J. C. Lovell, who was riding with him, was also severely injured.

They were driving south between 12th and 14th on South Cheyenne when the horse they were driving became frightened and started running. Neal, who was driving, lost control of the animal and it ran into an automobile, hurling both men to the asphalt pavement. Lovell sustained several broken ribs and a long gash on the right side of his head. His face was cut in two places. He was taken to the home of J. J. Dawson, 1000 South Cheyenne, and medical aid summoned.

**A Bad State.**

A school boy in Maine was visited by a certain family, and in the course of their remarks referred to the manner in which people living in different states were called.

"Now," said he, "the people from Dublin are called 'Dubs'; the people from South Carolina 'Tar Heels'; the people from Michigan we know as 'Michiganers.' Now what child can tell me what the people of Maine are called?"

"Know," piped up Jeanie from the corner.

"Well," smiled the superintendent, "what are we called?"

"Masons," replied the youngster.

**Stone Pitcher.**

George Miles, the manager of the Empress, Alton, Ill., is a man of great tact and tact, who endeared himself to the public.

"Theatre," Miles announced, "is to be the hope of the future."

"Climbs down a moment later."

Theodore Tonney is a singing and whirling ventriloquist of some renown, while the Baloo brothers are Mexican serenaders whose name is known throughout the world of vaudeville. These two Mexicans play the bands and other stringed instruments so marvellous like that they are always forced to reward themselves after encore. A pretty touch is given their act by a tropical stage setting, and pretty electrical effects.

The show as a whole looks like it could be equally as good and possibly better than any other vaudeville bill ever seen in the Theatre Beautiful, who is another whole lot.

Bert Belmont and Mattie Harl will offer a genuine "big time" act. All they do is play the piano and sing, but they have the honor of being "stomped" a number of shows where some mighty big acts have been in competition with them.

## DEER THAT CHEWS TOBACCO WEARS BELL

MUST HAVE TOBACCO SEVERAL  
TIMES A DAY OR IT WILL  
BECOME "SANGY."

**SPokane, Wash.** Feb. 21.—Fearing that visitors might mistake the animal for a wild creature and shoot at it, the citizens of Coeur, Idaho, have equipped their pet deer, made famous by its appetite for chewing tobacco, with a large collar and decorated it with a blanket, on which is inscribed its name and history, according to Leonard Paul, a resident of Coeur, who was in Spokane this week, en route to Holland, N. Y., for a several weeks.

"The deer still takes his chew of tobacco regularly, but of late has been running further afield than formerly, and because of this we have tried to mark him so as to distinguish him from his wild brethren, fearing that otherwise he might fall a victim to some hunter," said Mr. Paul.

our performers on the American stage, will lead the bill at the Orpheum for four days and nights, beginning this afternoon. The coming of Carl Rosin is heralded as an amusement victory by the management of the theatre.

Seviers and James will present a novelty piece, and Knowls and White a comedy singing and talking act. This, together with some special run pictures and the Orpheum orchestra, make up complete a well rounded bill.
